EDUCATION

East Carolina University, Greenville, NC
Bachelor of Science in Construction Management
GPA: 3.25

December 2023

RELEVANT COURSEWORK

Introduction to the Sustainable Built Environment, Construction and Civil Materials, Building Systems and Codes, Construction Documents and Analysis, Structural Analysis

SKILLS

AutoCAD
Autodesk Revit
Microsoft Suite
OSHA 10

Procore
Building Automation Systems
Construction Materials Testing
Building Information Modeling Software

RELEVANT EXPERIENCE

Material Component Analysis, East Carolina University
Structural Analysis

August 2021- December 2021

- Assessed various site conditions while purchasing materials to ensure location is suitable for a stable infrastructure
- Tested the structure and durability of materials in terms of water absorption, compressive strength, and thermal properties to resist corrosion and deterioration
- Designed documents in AutoCAD that are used for statics collaboration with engineers to enhance communication in the planning process
- Monitored and evaluated any potential areas of concern by creating proactive solutions to remain on schedule

Building Functionality Project, East Carolina University
Building Systems and Codes Laboratory

January 2021-May 2021

- Researched city's residential and commercial building codes to ensure safety standards are met
 - Assembled system components strategically, such as electrical and plumbing installation, for optimized functionality and building performance
 - Utilized a modeling software to produce a visualization for submission to the Board of Building Regulation and Standards to gain approval to begin construction
-

ADDITIONAL EMPLOYMENT

Campus Recreation and Wellness, Front Desk Staff
Express Car Wash, Associate

May 2021- Present
February 2018- April 2020

CAMPUS INVOLVEMENT

Associate Builders and Contractors, Member
Delta Rho Fraternity, Member

August 2021- Present
September 2020- Present
