Atrium Health – Carolina’s Medical Center

Charlotte, NC

January 2021- Present

Intern – Social Work

- Meet with clients (children and adults) daily to discuss coping with stress due to chronic illnesses, disabilities, hospitalizations, and other health issues
- Assess and evaluate levels of care with Clinical Care Management team, ensuring patients’ needs are being met
- Assist and observe psychosocial assessments with patients, care takers, and support systems post hospital visits
- Document notes from all meetings with patients, including details and entering them into a data management system
- Report any signs of suspected abuse for patients including neglect, exploitation, abuse, and assault
- Serve in an on-call rotation once a month to provide consultative services after normal working hours

East Carolina University- Student

Greenville, NC

August 2020- December 2020

Interviewing Skills Class

- Researched, discussed, and practiced specific interviewing techniques for various social work positions
- Hosted mock-interviews with 5 children, ages 8-10, utilizing interview techniques to determine their experience in their foster homes
- Analyzed comments and entered notes into note tracking software, ensuring details were specific and dated

City of Greenville

Greenville, NC

September 2019

Volunteer- Habitat for Humanity

- Met weekly with 2 families who were expected to receive homes from the Habitat program, teaching them personal financial literacy, home finance planning, and explaining how they can pay off debts they may have
- Organized bi-weekly meetings with children who were a part of the Habitat program to discuss healthy living habits within their homes
- Documented conversations, goals, outcomes, and general notes for all meetings with families and children
