Career Fair Employer FAQ's

• How will ECU Fall 2020 Career Fairs be managed this semester?

All Career Fairs will be held virtually through Handshake during the Fall 2020 semester. Employers interested in registering for an event can CLICK HERE.

• Are students asked to pre-register with employers prior to the fair? If yes, will we be able to pick who we want to speak with?

Yes, students will need to pre-register for virtual career fairs in advance of the event. Once they are pre-registered, they will have access to employer sessions and be able to register for a session with an employer. Depending on what the employer has scheduled, this could be a 1-1 or a 30-minute informational session. Employers will create these sessions once they are approved by our office for the event.

• If the students are pre-registering, will we receive their resumes in advance? Will we receive anything in addition to the resume?

All students will be advised to upload their resumes in advance of the event. When employers review their schedules for the fair, they will be able to view the student account which will include their resumes. Career Services will not send resumes to employers for any of the virtual events. Employers will be expected to manage their recruiting efforts leading up to and throughout the event. If there are more information is needed, the employer will need to message or connect with the student for those added items.

• Will we receive an excel file after the event with information about who we met and their resume?

Employers will be expected to obtain all the information needed form a candidate either through Handshake or by connecting with the potential candidate during 1-1- or 30-minute informational sessions. Career Services will not be sending resume books after the events.

• How far in advance will we receive the information needed to prepare for the fair?

Employers will be provided access to create schedules once they have registered within the email confirmation. Employers will be able to connect directly with potential students through virtual contact in Handshake. Additional virtual recruiting resources will be emailed within the registration confirmation email. Career Services will also be available to support employers with any questions they have leading up to and throughout the event they are registered.

• What are the technology requirements employers will need to participate in this event?

Handshake has supplied the following article to support employer questions for technology requirements: Handshake Video Requirements & Troubleshooting (Employers)
